Liquid Assets
Arlington Green Film Series

Monday, October 19, 2009, 7:00 to 9:00 p.m.
The Dome, 1101 Wilson Blvd., Arlington

"Liquid Assets" tells the story of essential infrastructure systems: drinking water, wastewater, and stormwater. These complex and aging systems—some in the ground for more than 100 years—are critical for basic sanitation, public safety, economic development, and a host of other necessities of life. There will be a discussion following the film screening.

More information: volunteer@arlingtonenvironment.org or 703-228-6406.
